   1. Strongly disagree 2.Disagree 3.Neutral 4.Agree 5.Strongly agree

4. I am prepared to implement this tool into practice.

   1. Strongly disagree 2.Disagree 3.Neutral 4.Agree 5.Strongly agree

5. Are there any aspects of foot examination not addressed? Family support?, if there is a family member that can see feet + is reliable

Flowchart evaluation

1. The flowchart clear to understand and easily followed.

   1. Strongly disagree 2.Disagree 3.Neutral 4.Agree 5.Strongly agree

Step By Step to Better Foot Care evaluation

1. The brochure is a culturally appropriate patient resource.

   1. Strongly disagree 2.Disagree 3.Neutral 4.Agree 5.Strongly agree

2. Are there any aspects on foot care and self-examination not addressed? Having shoe with lots of toe room

Do you feel the resources presented can be a viable part of your clinical practice when working with patients diagnosed with diabetes or peripheral neuropathy?

1. Strongly disagree 2.Disagree 3.Neutral 4.Agree 5.Strongly agree

Comments: I think this tool can be very helpful in getting people to a doctor - especially in the US. Maybe hard in foreign countries to get medical treatment. Are you going to talk about consequences, healing ability with people who have these ulcers?

Bring Monofilaments with you to show clinicians.
