

Online Educational Modules To Increase Multiple Sclerosis Knowledge For Physical Therapists

Division of Physical Therapy, University of North Carolina Chapel Hill
A. Rosenberg PT, DrPH; J. Toohar SPT; L. Waddell SPT; K. McCulloch PT, PhD, NCS

ONLINE MODULES

Objective – Increase knowledge of PTs who treat patients with MS

<http://sites.google.com/site/MSmodules>

NEEDS ASSESMENT

An initial needs assessment survey was sent to PTs to guide in the development of the modules.

Survey Results:

- Over 70 PTs completed the needs assessment survey.
- 90% indicated a strong interest in learning more about MS.
- 71% indicated an interest in receiving the educational modules.

USER FEEDBACK

Are you planning to integrate this information into your practice?

“Yes, all of this information relates to my practice. I will use the reference lists to ensure I am providing evidence-based interventions.”

“Yes, I plan to integrate dual task walking tests as well as more progressive resistance training.”

Would you recommend this resource to others?

“Yes, to other PTs and PT students.”

AKNOWLEDGEMENTS

Thank you to the National MS Society, Greater Carolinas Chapter and the UNC Division of Physical Therapy for their support of the program.
