

# Presentation Evaluation

Presentation by \_\_\_\_\_ on \_\_\_\_\_  
name date

1  
Clarity

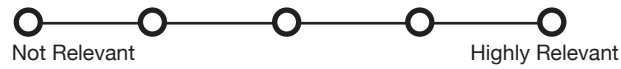

The manner in which this message was presented was:

**The main messages in this presentation were:**

2  
Relevance

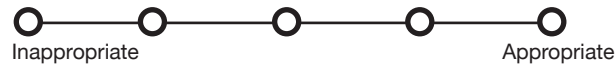

To me, this material was:

The material presented was relevant to me because:

3  
Balance

The balance of presentation topics was:

Too much/too little time was spent on:

4  
Visuals

The slides used were:

Did the visuals in this presentation help? Hinder? Why?

5  
Handouts

If applicable, the handout received was:

I'd like further information about \_\_\_\_\_ in the form of a handout:

6  
Skills

This presenter is \_\_\_\_\_ at presenting information:

The presenter could improve/did well at:

7  
General

General comments:

Below is a summary of the feedback I received from my presentation to the athletic trainers. You will see the question, tally of scores received, the average score received, and the majority of relevant comments provided by the audience for each question.

1 Clarity: The manner in which this message was presented was:	Unclear					Clear
	1	2	3	4	5	AVG Score
# Responses				2	8	4.8
<u>Example Comments</u>						
"Risk factors for ACL injury, screening tools, prevention programs."						
"Screening is key, then further assess those at risk. Not one test that is totally best."						
2 Relevance: To me, this material was:	Not Relevant			Highly Relevant		
	1	2	3	4	5	AVG Score
# Responses				3	7	4.7
<u>Example Comments</u>						
"I deal with athletes on a daily basis."						
"I work with teams that do not understand the importance of pre-season strength programs. This info will assist in proving these programs are critical."						
"Working as an athletic trainer this is relevant to my job."						
"As an ATC, staying relevant to rehab and prevention exercises is imperative to successful ACL rehab, plus prevention practices."						
3 The balance of the presentation topics was:	Inappropriate			Appropriate		
	1	2	3	4	5	AVG Score
# Responses				3	7	4.7
<u>Example Comments</u>						
"I would have liked more info on prevention programs and implementation. Also, on implementing with coaches so they will incorporate injury prevention on a daily basis."						
"More time to talk about prevention programs."						
"Very balanced presentation on valuable material."						
"The speaker was very knowledgeable in each area of the presentation."						
"Well-balanced."						

4 The slides used were:	Unnecessary			Highly Informative		
	1	2	3	4	5	AVG Score
	# Responses					N/A

Unfortunately, I performed my presentation with no slides due to technical difficulties between my computer and the projector.

5 If applicable, the handout received was:	N/A			Highly Informative		
	1	2	3	4	5	AVG Score
	# Responses		2	4	4	4.2

Example Comments  
 "I would have liked to seen the research data on the new articles that have come out in the past few years."  
 "More information on the prevention programs in the handout."  
 "Handout with all of the tests mentioned."  
 "The other screens/tests not included, but discussed in the presentation."

6 This presenter is ____ at presenting information:	Ineffective			Effective		
	1	2	3	4	5	AVG Score
	# Responses			7	3	4.3

Example Comments  
 "Good speaker and interactive."  
 "Did well at delivering the information and was excited to discuss the topics."  
 "Improve delivery: too many pauses, 'ums', repeats, stutters. Improve overall purpose of the presentation, with a better conclusion."  
 "Provide better demonstrations with the tests."  
 "I liked how you got us involved with the Beighton score test. You did well working around the projector failure."  
 "Very well spoken. Great job presenting the information."

7 General comments:  
 "Nice job!"  
 "Could have used more handouts on the grading systems, like the Beighton and FMS. Presenter did a great job given no visual aids."  
 "Good eye contact and directness. Helpful demonstrations. Good information and seem very knowledgeable."  
 "Effective at communicating to the education and backgrounds of the audience."  
 "Wish we could have seen the slides, but presented very well and very passionate. Good luck finishing up your doctorate and Go Heels!"
